We **aim** to create productive assets for land and water resources development through implementing MGNREGS.

Since April 15th., we have intensified our efforts to utilize MGNREGS for creating wage employment and productive assets both.

We help Gram Panchayats for on-site planning, technical support in work site management, training GRS, community mobilization, awareness of Covid-19, liaison with Block and Dist. admin for trouble shooting.

There are 20 Teams across M.P, CG and Jharkhand currently engaged in this facilitation work.
